SPRAVATO Evaluation Packet

Please fill out the following information and return it to our office at least 24 hours prior to your appointment. If at any point you have questions, concerns or feel overwhelmed, please call our office and we will be happy to assist you.

Initial Assessment

This assessment is a two-part process that involves a review of your medical history and then a second visit for your initial treatment. Your first appointment will last about an hour. The initial assessment, or consultation, will be used to evaluate the appropriateness of Spravato/esketamine in treating your depression. Dr Galliano-Pardo, your Spravato prescribing psychiatrist, will use the assessment to determine a diagnosis and the risks and benefits of Spravato compared to other available treatments for your diagnosis.

The doctor will also want details about previous treatment for your depression including counseling history, names of medications and maximum dosage, duration of treatment, and reasons treatment was discontinued, such as lack of benefit or side effects. You should be prepared to complete formal medical history evaluations and sign consent forms.

There is also a chance that Dr Galliano -Pardo will request a physical examination from your primary care physician. This is not always the case, though, and will vary from patient to patient. If a physical examination is requested, it will most likely be used to carefully screen patients for the presence of medical conditions that are contraindicated with Spravato.

At the end of the assessment, Dr. Galliano-Pardo will decide if you are a candidate for Spravato. If Spravato is right for you, she will create a treatment plan for you. Your next appointment will be your first treatment

Your first evaluation will be about 1 hours long. Your intake with a staff member will take about 15 minutes followed by a 45 minute to an hour meeting with Dr. Galliano-Pardo. Please review the information in the packet, and email them back to us at **least 24 hours prior to your scheduled appointment.** If your information is not received 24 hours prior to your appointment, your appointment may need to be rescheduled. If at any point you have questions, concerns, or feel overwhelmed, please do not hesitate to contact our office. The paperwork can be completed on your computer or printed, filled, and scanned. Also, please send us a copy of a **valid photo ID** and a photo of the front and back of your **insurance card** (primary and secondary) so that we are able to verify your benefits and co-payments prior to your appointment time. We will be able to begin working on the prior authorization for Spravato as soon as we receive this information

Typical Treatment Schedule

- Month 1: Two treatments per week
- Month 2: One treatment per week
- Month 3+: Continue weekly treatment Or Treatment once every 2 weeks

DRUG SCREEN POLICY

Please Read Each Item

Your physician, Alina M. Galliano-Pardo, M.D., **may order** urine specimens to be collected for the purpose of drug screening at any time if it is deemed necessary. You will be tested upon admission and randomly during follow up visits at the doctor's discretion.

We **require** drug screening if you are **any controlled medication** including Buprenorphine (Suboxone/Zubsolv) prescribed by this office. If you refuse drug screening, you may not be allowed to see the doctor and your prescription(s) may not be renewed.

You may refuse testing at any time. Your physician will be informed of this and could interfere with your participation in treatment at this office.

Most insurance plans **do not** pay for drug screening. If they don't, you agree to pay our $25.00 charge. Drug screening charges are already included in self-pay patient visit charges. Patients that come into the office for a drug screen outside of an appointment will be required to pay a $25.00 charge.

If your drug screening is positive and you believe this is an error, you can request the sample to be sent for confirmation to a certified lab. If your insurance does not cover the external lab charges, you will be responsible for payment of those charges.

Telehealth Services

For your initial evaluation, you have the option between an in-person appointment or a telehealth appointment. Ongoing follow-ups will be via telehealth. Telehealth appointments are conducted through a HIPPA-compliant platform that requires video and audio capabilities. You will receive an email 24-48 hours before your appointment with instructions. If you have any questions or concerns please contact the office.

For your appointment(s), please make sure:

- You have the proper equipment- video and audio capabilities on a mobile device or computer
- You are in a quiet, private location with reliable service.
- If you are driving, please pull over to a safe location for the duration of your session.

Termination of Treatment

Dr. Alina Galliano-Pardo will deem treatment ineffective and advise a patient to seek treatment elsewhere when a patient's actions indicate that he or she has disengaged from treatment. Following are some examples of situations warranting termination of treatment:

- The patient misses two or more appointments
- The patient ceases paying for treatment
- The patient is noncompliant with treatment recommendations
- The patient misuses or abuses prescribed medications
- The patient behaves in an abusive, threatening or inappropriate manner toward staff, or other patients

COVID-19 Informed Consent

Our office is taking all necessary steps and measures to insure the safety of our patients and staff. We are following all recommended CDC and state guidelines to help reduce the spread of COVID-19.

I give permission for each of my "Healthcare Providers" (eg, my physicians, pharmacists, specialty pharmacies, other healthcare providers, and their staff) and "Insurers" (eg, my health insurance plans) to share my Protected Health Information.

My "Protected Health Information" includes but is not limited to the following information related to my medical condition, treatment, prescriptions, and health insurance coverage.

The following person(s) or class of person(s) are given permission to receive and use my Protected Health Information (collectively "Janssen"):

- Johnson & Johnson Health Care Systems Inc., its affiliated companies, agents, and representatives
- Providers of other sources of funding include foundations and co-pay assistance providers
- Service providers supporting or analyzing data from Janssen patient support programs

Specifically, I give permission to Janssen to receive, use, and share my Protected Health Information in order to:

- see if I qualify for, sign me up for, and contact me about Janssen patient support programs
- manage the Janssen patient support programs
- give me educational and adherence materials, information, and resources related to my Janssen medication in connection with Janssen patient support programs
- communicate with my Healthcare Providers regarding access to, reimbursement for, and fulfillment of my Janssen medication, and to confirm to my Healthcare Provider that support has been provided by the Janssen patient support programs
- verify, assist with, and coordinate my coverage for my Janssen medication with my Insurers and Healthcare Providers
- coordinate prescription or treatment location and associated scheduling
- conduct analysis to help Janssen evaluate, create, and improve its products, services, and customer support for patients prescribed Janssen medications
- share and give access to information created by the Janssen patient support programs that may be useful for my care

I understand that my Protected Health Information may be shared by Janssen for the uses written in this Form to:

- My Insurers
- My Healthcare Providers
- Any of the persons given permission to receive and use my Protected Health Information as mentioned above
- Any individual I give permission as an additional contact

Janssen Patient Support Program

I understand that my Protected Health Information will not be used or shared by Janssen for any other use without my permission. Janssen may share information about me where legally allowed or if any information that specifically identifies me is removed. I understand that Janssen will make every effort to keep my information private. Further, I understand that if my information is accidentally shared, federal privacy laws do not require that the person/party receiving it not share the information further and that such information provided to a third party may no longer be protected by federal privacy laws.

I understand that I am not required to sign this Form. My choice about whether to sign will not change how my Healthcare Providers or Insurers treat me. If I do not sign this Form, or cancel or remove my permission later, I understand I will not be able to participate or receive assistance from Janssen's patient support programs.

This Form will remain in effect 10 years from the date of signature, except where state law requires a shorter time, or until I am no longer participating in any Janssen patient support programs. Information collected before that date may continue to be used for the purposes set forth in this Form.

I understand that I may cancel the permissions given by this Form at any time by letting Janssen know in writing at: Janssen CarePath, PO Box 13135, La Jolla, CA 92037.

I can also cancel my permission by letting my Healthcare Providers and Insurers know in writing that I do not want them to share any information with Janssen.

I further understand that if I cancel my permission it will not affect how Janssen uses and shares my Protected Health Information received by Janssen prior to my cancellation.

I understand I may request a copy of this Form.

Patient Agreement

By signing this form, I understand and acknowledge that:

Before my treatment begins, I will:

- Enroll in the SPRAVATO® REMS by completing this *Patient Enrollment Form* with my healthcare provider. Enrollment information will be submitted to the SPRAVATO® REMS.
- Receive counseling on safety risks and the need for monitoring to observe for resolution of sedation and dissociation, and for any changes in vital signs.

During treatment, and after administration I will:

- Use the SPRAVATO® nasal spray myself under the direct observation of a healthcare provider.
- Be observed at the healthcare setting where I get SPRAVATO® for at least 2 hours after each treatment until the healthcare provider determines I am ready to leave the healthcare setting.

I understand:

- Sedation and dissociation can result from treatment with SPRAVATO® and I must stay after each treatment.
  Until these effects resolve, I may feel:
  - sleepy and/or
  - disconnected from myself, my thoughts, feelings and things around me.
- I should make arrangements to safely get home.
- I should not drive or use heavy machinery for the rest of the day on which I receive SPRAVATO®.
- I should contact my doctor or inform him/her at my next visit if I believe I have a side effect or reaction from SPRAVATO®.
- In order to receive SPRAVATO® as an outpatient, I am required to be enrolled in the REMS, and my information will be stored in a database of all outpatients who receive SPRAVATO® in the United States.
- Janssen Pharmaceuticals, Inc. and its agents, including trusted vendors, may contact me or my prescriber via phone, mail, fax, or email to support administration of the REMS.
- Janssen Pharmaceuticals, Inc. and its agents, including trusted vendors, may use, disclose, and share my personal health information for the purpose of the operations of the REMS, including enrolling me into the REMS and administering the REMS, coordinating the dispensing of SPRAVATO®, and releasing and disclosing my personal health information to the Food and Drug Administration (FDA), as necessary, and as otherwise required by law.
