

Restylane® Skinboosters™

Make a difference

Restylane
SKINBOOSTERS™

Make a difference to your patients' skin

With Restylane® Skinboosters™, your patients will feel a true difference in their skin texture – a radiance and smoothness that they will see, feel and love.

Restylane Skinboosters is the first¹ and original stabilized Hyaluronic Acid based injectable treatment for improving skin quality on the face, neck, hands and décolletage, addressing the effects that a modern lifestyle has on skin aging.

Restylane Skinboosters are clinically proven to:

- Improve skin elasticity^{2,3,4}
- Decrease skin roughness^{3,4,5}
- Reduce fine lines⁶
- Lessen skin imperfections, such as discrete depressed acne scars⁷

The result is a significant improvement in skin texture that lasts for up to 12 months after initial treatment.³

The difference is assured

Restylane Skinboosters is the original stabilized Hyaluronic Acid based injectable treatment for improving the quality of your patients' skin in up to 3 treatments⁸, proven by several independent clinical studies.²⁻⁹

- Over 3.5 million treatments have been performed to date¹⁰
- Results are assured, long-lasting^{3,6}, and supported by 12 years of clinical experience¹
- Restylane Skinboosters have a well characterized safety profile. Minor adverse events, including redness, swelling and bruising, are well documented and temporary^{2-7,9}
- The unique SmartClick™ system improves dosing accuracy and provides greater working comfort¹¹

The difference is efficacy

Results are proven in study after study:

- Significant improvement in skin elasticity of the face and hands observed up to 12 months after initial treatment^{3,5,6}
- 100% of patients experienced GAIS scale improvement at 12 months after initial treatment^{3,6}
- Statistically significant decrease in facial skin roughness seen 6 months after initial treatment⁵

The effects of Restylane Skinboosters become visible after repeated treatments, and extend beyond the last treatment.^{3,5,6}

The difference is satisfaction

With Restylane Skinboosters in your patient's treatment regime, they will see and feel the difference in their skin, and their satisfaction will be felt in your clinic.

Expect to see your patients coming back for more.
