

## Soothe + Protect Recovery Balm

### BENEFITS

- Hydrates dry and compromised skin
- Supports renewal of post-procedure skin
- Helps to restore the barrier function of the skin

## ORDER OF USE

Gently apply after use of Gentle Cleanser and Regenerating Skin Nectar with TriHex Technology®.

## HOW TO USE

Gently apply a generous amount to desired areas. Reapply as often as necessary following provider instructions. Avoid getting in eyes. If contact occurs, rinse eyes thoroughly with water.

## KEY INGREDIENTS

### **Physalis Angulata Extract**

Natural plant extract that helps calm skin

### **Bisabolol**
