

AOJP PRESENTS

# PARENT TRAINING

FOR CHILD BEHAVIOR MANAGEMENT

## TOPIC:

Child-rearing is ranked among the top stressors, especially when dealing with behavioral challenges. Behavioral problems in children have likely been exacerbated due to the added stresses of COVID-19. This presentation will address childhood behavioral challenges. Considerations in diagnosis will be presented as well as evidence-based treatment and parenting training options. You will learn tools and techniques that will positively impact the parent training you provide to your clients and families!

## PRESENTER:

Dr. Aryeh Berlin earned a PsyD from the Georgia School of Professional Psychology. He completed his internship at South Shore Mental Health in Massachusetts. He currently has a private practice with locations in Nutley and Lakewood. In his practice, he focuses on childhood emotional and behavioral disorders as well as school-related issues. Dr. Berlin is also the director of counseling at a private school.

MOTZEI SHABBOS, NOVEMBER 6, 2021  
8-10 PM
